

# Porsia Camille

R&B · SOUL · SINGER-SONGWRITER

## Bio

Porsia Camille is an R&B and soul singer-songwriter from Cathedral City, California, now based in Los Angeles. She started in elementary school choirs and never really left them. Her debut covers EP arrived in 2015. *Pisces Moon* followed in 2017, then a run of singles in 2018 (*Right for Me*, *Eyes Closed*, *Another Life*, *Can't Say the Same*). After 2020's *Wrong Intentions* she stepped back. She returned in 2025 with *Echoes of Digital Ghosts*, an album she calls "haunted by the beauty of past pain, the shimmer of lost signals."

*"One of the most talented singers in the desert."*
